Ordered separately at no additional cost.

RANGEHOOD FEATURES

FILTERS

Our mesh filters are designed to capture all by-products of cooking. The filters are made up of 8 metal layers (outer layer mesh is stainless steel, internal mesh layers are aluminium). They are dishwasher safe using a neutral pH detergent. Please refer to our care instructions for further information.

LED LIGHTING

Our lighting utilises energy-efficient LED strip lights with an estimated lifespan of 60,000 hours. They are available in warm or cool lighting.

ACOUSTIC INSTALLATION

Megatorber P is a sound absorption material that is fireproof and designed for maximum noise absorption at low to mid frequencies. Majority of our models are fitted with fireproof acoustic panels on the inside of the rangehood. These panels make our quiet rangehoods, even quieter.

Models not fitted with: Conley, NDCH, Fold Away, Heritage, Avenel and Somerton.

RANGEHOOD FEATURES

**10 Year
Motor
Warranty**

MOTORS

Our efficient all-metal motors are made exclusively for Condari Pty Ltd by leading manufacturer EBM Papst (Germany).

One Motor 900m³/hr

Two Motor 1800m³/hr

Three Motor 2700m³/hr

Four Motor 3600m³/hr

SOLID METAL DUCTING

Our ducting is CAD-designed in-house and is optimised for efficient extraction. Our ducting is available in standard Zinalume, rigid all-metal construction which is non-flammable. We also offer ducting in stainless steel, ideal for coastal areas, and Powder Coated in custom finishes. Fire compliant ducting is also available for BAL areas of up to and including BAL 29.

WARRANTY

10 Year Warranty on motors.

3 Year Standard Warranty on all non-moving parts inside the rangehood.

6 Year Extended Warranty on all non-moving parts inside the rangehood when a recommended installer has installed the ducting and the rangehood.
